35 Beach Street, Frankston
Phone: 9783 7284

We aim to assist people to deal with their immediate situation in a way that maintains dignity and encourages self-reliance

Community Support Frankston (CSF) may be able to offer limited assistance for an unexpected emergency. To be eligible you must reside within Frankston City boundaries.

In the majority of cases, the cause of your financial hardship will be a significant decrease in your income or high unavoidable expenses (ie: job loss, high medical/hospital bills, or other expenses).

Help may be provided in the form of food parcels, food cards, essential travel costs, vital medication expenses, and assistance in obtaining other basic living essentials relating to your wellbeing or that of your family members.

NOTE: Assistance is never given out in cash.

●●●● **AREAS OF ASSISTANCE**

❖ **Emergency Relief**

People requesting emergency relief will be asked to describe the situation which led them to seek assistance. The assistance session, with a trained volunteer community worker, will take about an hour and you must be willing to identify and address your problems or issues.

It is important your situation is assessed correctly so appropriate assistance or support is given.

Please bring the following information or paperwork to your assessment:

- **Formal identification** with current address (Driver's Licence, Health Care card, rent receipt, etc)
- **Details of income** (Centrelink pension and allowances, wages/salary, Health Care card, etc)
- **Recently paid and outstanding bills** - (gas, rent, power, water, credit cards, council rates, personal loans, car registration, insurance, etc)
- **General living expenses** (recent receipts for food, clothing, rent, education, motor vehicle costs, etc)

❖ **Emergency Financial Help**

A major unexpected situation or event may prevent you paying for essential items like food, accommodation, gas, electricity, medicine, counselling, etc. Depending on your circumstances, we may be able to talk to people you owe money to on your behalf, help you make a budget, work out a repayment plan, or refer you to an appropriate service.

❖ **Advocacy**

The agency can provide assistance in helping you negotiate with a Government department, financial institution, landlord, etc.

❖ **Crisis Intervention**

The agency can provide direct assistance or organise referrals for people experiencing problems in their lives.

You can seek assistance with:

- Personal and family issues
- Personal finances
- Accommodation
- Family violence

OR for any other problem causing distress. To discuss your situation, visit or phone the agency and speak to a community worker.

●●●● **TRAINED VOLUNTEERS**

Volunteer community workers at the organisation are selected to assist others because of their good communication skills, experience and understanding of people and their situations. Their specialist skills and own life experiences help them to perform their duties competently.

All our community workers have successfully completed nationally accredited training to assess and provide services to clients with complex needs.
