

School Payment Help

Contact your school Principal or Welfare Officer if you are experiencing financial hardship with school fees, books or uniforms

Textbooks and Equipment

Parents are expected to provide required textbooks and equipment for their children. Many schools assist with buying and selling of second-hand books. Contact your school to discuss assistance as many will offer payment plans for fees and levies.

Items or services schools can request payment for:

- Essential educational items, including text books, stationery and school uniforms.
- Optional extras such as excursions, materials for elective subjects, school magazines or extra activities. You can choose which (or any) services you need.
- Voluntary financial contributions that your school may ask you to make.

School Councils and Principals have been asked to make sure that no student is disadvantaged if parents cannot pay the voluntary contribution. If you feel pressured by the school to pay a voluntary contribution, or have any questions, phone the Department of Education and Training Victoria on **1800 338 663** or email: enquiries@education.vic.gov.au or website: education.vic.gov.au/parents/going-to-school

Uniforms

Dress code is decided by the School Council - some schools have a uniform shop where new or second-hand uniforms can be purchased.

Student Transport

Check if the school offers a free bus service. The Victorian Government may provide a conveyance allowance for students who live more than 4.8 km from their nearest school. Obtain more information from the school.
